## Buy Now:

Takes you to a screen where you can compare devices and decide which one you would like to purchase. You will then enter in your child's details and your own, you can either select for the device to be sent to your home or the school by entering in the correct address. If you wish to send the device to the School please enter the following details:

*Minlaton District School  
2 North Terrace Minlaton SA 5575*

### **Please read through LWT Terms and Conditions.**

You have the option of paying via Credit Card, PayPal, BPay or by Invoice.

When selecting the invoice option, an invoice will be sent to you with online payment options – you can use this invoice to pay over the phone.

If you wish to pay off the device via Lay-by (you will not receive device until you have paid in full) a minimum deposit of \$100.00 is required.

## Buy with Finance:

Takes you to a screen where you can compare devices and decide which one you would like to purchase.

Once you have chosen your device, select 'Buy Now'

You will then enter in your child's details and your own, you can either select for the device to be sent to your home or the school by entering in the correct address. If you wish to send the device to the School please enter the following details:

*Minlaton District School  
2 North Terrace Minlaton SA 5575*

### **Please read through LWT Terms and Conditions.**

Click on the 'Click Here to Review Order and Select Payment Method' button.

The next screen is where you will choose the finance option.

By pressing Latitude or Zip you can read through the terms and conditions and select the option that suits you and your family.

## Questions about Payment

### What methods can I pay for?

Credit Card, PayPal, Direct Deposit, Interest Free options

### How does the Direct Deposit option work?

Families can elect to pay the \$100 deposit to secure a device and can then contact Learning with Technologies as often as they like to make payments. After the deposit has been made, you can then opt to make payments by instalments (amount completely up to you) towards the device until it arrives in the warehouse. There isn't anything formal put in place between Learning with Technologies and the customer, the families aren't under any obligation to pay a certain amount over periods of time. The device however won't be shipped from our warehouse until it's been fully paid for.

Interest Free options below may be a better option to spread the cost out over a period of time.

### Is my credit card secure online?

We use a secure Westpac portal to process credit cards.

### Do you store my credit card number?

No LWT does not store any credit card information.

### My credit card doesn't work online what's wrong?

Our credit card portal uses a technology called 3D Secure to stop credit card fraud unfortunately not all banks subscribe to this service and some cards may be declined.

If this happens you can continue your order by choosing another payment method such as PayPal or use "Over the Phone" and we'll process it from there.

### What are the Interest Free options?

Interest Free options are supplied by GE Money and give you an interest free period with repayments. Please note that interest free may not be available on all products. There is a \$99 annual fee with these cards and it is strongly recommended you read the terms and conditions carefully if applying for a card.
